A Hanging Bee.

(By Telegraph to the Sentinel.)
NEW YORK, May 19.—Augustus D. Leighton (colored) was hanged at 8:47 this morning, for the murder of his mistress, Mary Dean.

An \$800,000 Fire at Lyons.

(By Cable to the Sentinel.)
LONDON, May 19.—Advices from Lyons state that a great fire occurred and that a number of workshops and other buildings were destroyed. Three thousand persons are out of employment. Loss, \$800,000. Incendiary.

Killed by a City Marshal.

(By Telegraph to the Sentinel.)
MT. VERNON, Ill., May 19.—City Marshal, R. A. Smith, shot and killed Chas. Yost last night and then escaped on horseback. They quarrelled over a personal matter, when Smith drew a revolver unexpectedly and fired two shots.

The Shooting Justifiable.

(By Telegraph to the Sentinel.)
CHICAGO, May 19.—The coroner's jury decided that the shooting of the tramp by a freight train brakeman on the Chicago and Alton railroad, named Joseph Ledwith, was justifiable. The dead man was identified as Charles Granish, of Syracuse, N. Y., aged twenty-three, and a tramp by profession. The verdict is likely to have a healthy effect on ride stealing and abusive tramps.

Murdered by His Brother.

(By Telegraph to the Sentinel.)
ST. LOUIS, May 19.—A Little Rock special says that a tragedy occurred in the Choctaw nation Monday last, about one hundred and eighty miles northwest of here. Two brothers named Jefferson and Geo. Finley, while working in a cornfield fell into a dispute, when George drew a revolver and shot his brother. George then secured a horse and fled to Texas. Jefferson died within twenty-four hours. He begged piteously that his slayer should be spared. "Don't let them hang George if I die," he said to his attendants.

Disastrous Boiler Explosion--

Three Persons Killed.

(By Telegraph to the Sentinel.)
CLEVELAND, May 19.—Last evening the steamer American Eagle exploded her boiler in the steam drum when twelve miles from Sandusky and racing with the steamer Jay Cooke. Two deck hands, Lorenz Nilson and Frank Walter, and the first man, Frank Bittle, were killed. Chas. Kramer, cook, and Hugo Stuart, mate, were slightly injured. Engineer J. W. Johnson, of Put in Bay is probably fatally scalded. The following passengers were injured by the escaping steam: John Lutz, wife and daughter, Middle Bass Island; J. W. Gilbert and Wm. Delger, Sandusky, and James Fulton, Ballast Island. All the injured except Miss Lutz and Johnson are getting along nicely.

The tug Mystic towed the Eagle to Kelly's Island, her hull being uninjured. At the moment of the explosion the Eagle was attempting to sail across Cooke's bay.

An Anti-Catholic Republican Society.

(By Telegraph to the Sentinel.)
ST. LOUIS, May 19.—A Dallas special says that the Times-to-day published an expose of a secret political order known as the American Knights of Honor. It is an anti-Catholic society, something after the style of the old Know-Nothing organization, and is offered by local republican leaders. Wm. Jesse Grant, formerly a Methodist minister in East St. Louis, Ill., lately editor of the Dallas Gazette, a cousin of Gen. Grant, is said to have organized the society here under authority of the parent society of Wash-

ington, and that another republican leader, well known in the state is now out organizing lodges. The purpose of the society is said to be the defeat of Catholic democratic candidates for office. The exposure is made on authority of one of the members of the society who revealed the secret.

Indians on the Verge of Starvation.

(By Telegraph to the Sentinel.)
WASHINGTON, May 19.—The war department has the following:

FORT LEAVENWORTH, May 18.—The following telegram has just been received: "The situation at the Meccalleras agency is much the same, only worse than it was with the Cheyennes. The Indian bureau, as appears, cannot feed them; the army must, therefore, feed them or a heavy military force must be placed around them to make them starve peacefully. There is time yet to provide for them, but it cannot safely be postponed. It should be attended to at once."
(Signed) JOHN FORBES, General Commander."

The Ascension Day Celebration.

Last evening Fort Wayne Commandery No. 4, K. T., about 100 strong, headed by a drum corps, marched from their asylum to Trinity church, where services commemorative of Ascension day were held, the rector, Rev. W. N. Webb, officiating. The Templars filled the front part of the church and made an martial appearance in their rich regalia and nodding plumes.

Returning from the church, the Sir Knights under direction of Eminent Commander H. W. Mordhurst, executed several graceful movements, notably a cross and triangle. Their fine appearance caused the hearts of the West Berry street belles to flutter strangely.

To the banquet 110 Sir Knights sat down, the festivities being prolonged until an early hour this morning.

The Nickle Plated Magnates.

Last night General Manager Williams, Wm. B. Howard, Vice President Caldwell, Solicitor Neal and Chief Engineer Latcha, of the New York, Chicago and St. Louis railroad arrived in this city, and this morning made a general review of the track and grounds through town and took plate of the same. They made no revelations of the results of their labors, but it is safe to predict that the depot will be located on the block of ground in the rear of DeWald's store. The party left for Chicago on the Pittsburg at noon.

Another Acquittal.

There was another acquittal in the criminal court this morning. After being out all night the jury in the case of the negro, S. C. Mabury, charged with the murder of "Happy G. Lucky" O'Meara, the tramp, came in for instructions and in an hour agreed on a verdict of acquittal. The darkey was released and was taken in charge by some colored friends who gave him a good dinner and raised a purse to pay his expenses to his home in Decatur, Mich.

About 4 o'clock last evening Mrs. Wm. Mills, residing on South Broadway, a short distance this side of the St. Mary's river bridge, went out in the yard and passing by the cistern saw her little three year old daughter struggling in the water. She ran to the child's assistance who was just about to sink for the last time, and rescued her. The little one was unconscious and it was some time before respiration could be restored. Mrs. Mills, who is the mother of nine children, is much prostrated by the shock.

Millie Christine, the two headed lady, who appears here to-morrow with Bachelier & Doris' Inter Ocean show, received considerable attention from the medical fraternity of Toledo on Thursday, she being visited at her hotel by a number of eminent physicians, who united in pronouncing her the most wonderful human being they had ever seen or read of.

Mrs. Sabina Schulz, wife of Peter Schulz, died Thursday at 11 p. m., aged 62 years and 7 days. The funeral takes place at St. Mary's Catholic church Sunday afternoon at 2 p. m. Leaves residence, 45 East Main street at 1:30 p. m. Friends of the family are invited to attend.

Last night Fort Wayne Commandery No. 4, K. T., accepted an invitation to go to Warsaw on the 25th, at the laying of the corner stone of the new court house. The entire Commandery will be entertained at the residence of Sir Knight Gop. Moon,

STOLEN PROPERTY RECOVERED.

Deputy Sheriff Macklem, of Quincy, Mich., Recovers a Horse and Buggy Stolen and Sold Here--How Jack Reed Had to Pay \$225 for a \$125 Horse.

Yesterday afternoon James Macklem, deputy sheriff of Quincy, Mich., and Joseph W. Barker, a gentleman living three miles south of that place, arrived in the city and with the assistance of Deputy Marshal Myer recovered a horse and buggy stolen from Mr. Barker.

The barn was entered the night of the 13th of April and the horse, buggy, harness, etc., stolen, the thief driving to this city and putting up at Frank Fletcher's barn. On the 21st of April the thief visited Jack Reed's livery stable and sold Mr. Reed the horse for \$125 cash, and the buggy he sold to E. Shuman, the second hand man, for \$12.50, who in turn sold to Henry Monning at a handsome profit. The officers traced and recovered the property, and Mr. Reed compromised by paying Barker \$100 and keeping the horse. Thus the animal has cost Mr. Reed altogether \$225.

The thief had a pal in the stealing, and he was arrested at LaGrange and sent to the penitentiary for a similar offence. This fellow put the officers on to the lay.

Bachelier & Doris'

Inter-ocean show, the largest in existence, at Fort Wayne, Saturday, May 20. Bachelier and Doris' circus, spreading a larger canvas than any show traveling, and in itself the largest most complete and best show on earth, has come to the front upon its merits alone. It was the determination of the managers to present to the American public, the best show that money backed by enterprise could procure, and in their present aggregation they have the fruition of this determination. The show is singularly complete in every department, from the lowest to the highest. In the circus, the best talent of America and Europe have been secured, among the company being the best lady and gentlemen riders, the best athletes, gymnasts, lepers, tumblers and specialists. In the menagerie, the rarest of animals are to be seen, the commonplace animals being conspicuous for their absence, their places being filled by the rarest specimens of jungle, forest, air and sea.

THE McDOWELL CASE.
The Doctor Files an Affidavit to the Effect that he Cannot Have a Fair and Impartial Trial Before Judge Withers—Judge O'Rourke will Hear the Case.

Dr. Hiram C. McDowell having failed to secure a change of venue from the county, yesterday afternoon filed affidavits for a change of venue from Judge Withers. The preliminary affidavit is as follows:

STATE OF INDIANA, ss. Allen County, ss. State of Indiana vs. Hiram C. McDowell, criminal court of Allen County—abortion.
Hiram C. McDowell being duly sworn on oath says that he was not in the criminal court of Allen county, Indiana, when the above prosecution was set for trial, but was at Arcola, Indiana; that said cause was set without affidavit on his counsel's consent for May, 1882, said date for the trial being made on May 17, 1882, at 1 o'clock p. m.: That upon receiving notice of the above fact by telegraph, he immediately came from Arcola, and now on this, the 18th day of May, 1882, and before trial, and at his first opportunity, here presents his affidavit for change of venue from Hon. W. H. Withers, judge of said court.
[SEAL.] HIRAM C. McDOWELL.
Subscribed and sworn to before me this 18th day of May.
MARTIN V. B. SPENCER, Clerk.

The doctor immediately followed the foregoing affidavit with one setting out more explicitly the cause of his grievance. The affidavit is as follows:

STATE OF INDIANA, ss. Allen County, ss. State of Indiana vs. Hiram C. McDowell, criminal court of Indiana.
Hiram C. McDowell on oath says that he is defendant in above entitled prosecution, that owing to the bias and prejudice of Hon. W. H. Withers, judge of said court, before whom said prosecution is pending against affiant, he cannot have a fair and impartial trial therein.

HIRAM C. McDOWELL.
Subscribed and sworn to before me this 18th day of May, 1882.
MARTIN V. B. SPENCER, Clerk.

[SEAL.] Judge Withers listened to the reading of both documents and then intimated that much difference of opinion certainly existed between himself and Dr. McDowell as to the truth of the affidavits, therefore, he overruled the motion. Later, however, the judge reconsidered his decision, and granted a change of venue to Judge O'Rourke, who will preside during the trial.

This morning the case was called for trial and Mr. Henry Colerick co-counsel for McDowell stated that owing to the absence of his colleague, S. L. Morris, at Indianapolis, he was compelled to ask for a continuance until to-morrow morning at 9 o'clock which was granted.

The Grand Lodge I. O. O. F. met in second day's session Thursday morning. Platt J. Wise, A. C. Kael and James Liggett represented the several lodges of this city as delegates. The report of the committee on constitution favoring a reduction of the percentage of subordinate delegates to the grand lodge from eight to six per cent. per annum was adopted. The action of the special committee was concurred in favoring the consolidation of the general and orphan funds. The report of a special committee on a new form of trials and appeals was considered and adopted. The lodge refused by an emphatic vote to sustain the action of the special committee, which reported in favor of reducing the representatives and restricting the estate, thereby leaving the representations as they have been heretofore. The afternoon session was devoted to exemplifying the unwritten work. The committee on nominations presented the following names for the grand officers, the report under the by laws lying over until the next meeting: For grand master, S. P. Oylor, of Franklin, Ind. It is proposed to re-organize for a match with the Golden Eagles, or some club from abroad, the famous Ke-ki on game, nearly all of whom live in the city, and can no doubt scout about the diamond with their old agility. Among those who will play are Geo. J. E. Mayer, C. M. Dawson, Capt. Hugh Diehl, John I. White, R. J. Fisher, S. C. Lumbard and others. An effort will be made to have the old nine play a match game July 4th.

In the superior court this morning the judge, on the calling of the case of Wilhelm vs. Blood, stated that engagements called him away, and that meantime Mr. S. L. Alden would preside. Mr. Henry Colerick arose and protested reading the statute to the effect. The judge finally decided to remain and try the case.

Yesterday, Mr. and Mrs. Jay Phillips adopted an eleven months old infant of the male persuasion. The child was a waif at the county asylum but comes of a good parentage. Jay had the kid down stairs this morning and proudly exhibited his possession to admiring frequenters of the "Home."

Lungs, Liver and Kidneys.
These great organs of life, as is known to every one, are most intimately related to each other, and where one is caused to suffer, the other two, on account of their sympathetic connection, are unavoidably made to feel the evil effects. Therefore, when diseased with symptoms of disease incidental to either organ, a medicine that will give tone and strength to all three, is nature's best assistant in restoring health. Such virtues are beneficial as are contained in yellow dock, sarsaparilla, juniper, iron, buchu, celery, and calaisya. All these ingredients are scientifically combined in that great health renewer, Dr. Guyott's Yellow Dock and Sarsaparilla.

Lawrence J. Avery, of Liberty, Ind., writes: "It was my misfortune to become afflicted, several years ago, with a severe attack of rheumatism in connection with dyspepsia and symptoms of lung and kidney disease. It seemed no medicine would reach my case, for I had tried this and that. My wife was using Dr. Guyott's Yellow Dock and Sarsaparilla, and persuaded me to try it. I did so, and used it with surprising results at the same time as a liniment. It has effected a complete cure."

A STABBING AFFRAY.
William Stephens Sticks a Knife into Herman Liese—All About a Female.

William Stephens and Herman Liese are two young men who live in the portion of the city known as Nebraska, near Lindenwood cemetery. They are both laborers and love. More than this, their affection goes out to the same girl. Last night the two young fellows called at the residence of the adored one, a Miss Coll, who resides on East Washington street. The damsel received them both cordially, but it appears her sweetest smiles were reserved for Liese, who is a fair-haired and dashing young German with an admirable command of English. Pretty soon it became a case of freeze out, and Stephens inconspicuously took his hat and departed, all the while glowering on his "ha-ted rival."

Stephens stationed himself near the house, and when Liese came out, about an hour later, (10 o'clock,) he was met by the jilted lover, who, without saying a word, pulled from his pocket a huge knife and aimed a deadly blow at Liese's breast. The young German threw up his left arm and received an ugly cut thereon, which split his coat and shirt sleeves from the elbow to the wrist, the extent of the wound, which bled profusely. After his cowardly assault, Stephens fled and Liese, though weak from loss of blood, went to Loesch's drug store, on Barr street, and had the wound bandaged.

This morning, Liese was seen by a SENTINEL reporter and stated he should file an affidavit against Stephens for murderous assault. The latter fellow is an Englishman and has served several stretches in jail. He is a drunken and quarrelsome fellow.

Very Popular.
Upon inquiring we find that Loesch's Extract of Red Clover Blossoms, for the cure of all diseases arising from impure blood is very popular indeed among the masses.

The county clerk this morning received notice that the application for the admission of the venerable Peter Heller to the insane asylum, was rejected on the ground that he is incurable. It is probable that the old gentleman, who was once worth his thousands, will have to find a refuge at the poor farm.

Bright's disease of the kidneys, diabetes and other diseases of the kidneys and liver, which you are being so frightened about, Hop Bitters is the only thing that will surely and permanently prevent and cure. All other pretended cures only relieve for a time and then make you many times worse.
